Notes to the MOR:

This Monthly Operating Report ("MOR") has been prepared solely for the purpose of complying with the monthly reporting requirements applicable in these chapter 11 cases and is in a format acceptable to the U.S. Trustee. The financial information contained herein is unaudited, limited in scope, and, as discussed below, is not prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

The unaudited financial statements have been derived from the books and records of Aceto Corporation and its affiliated debtors (collectively, the "Debtors"). The information furnished in this report includes primarily normal recurring adjustments, but not all of the adjustments that would typically be made for the quarterly and annual financial statements to be in accordance with U.S. GAAP. Furthermore, the monthly financial information contained herein has not been subjected to the same level of accounting review and testing that the Debtors apply in the preparation of its quarterly and annual financial information in accordance with U.S. GAAP. Accordingly, upon the application of such procedures, the Debtors believe that the financial information may be subject to change, and these changes could be material.

The financial statements presented in MOR-2 and MOR-3 do not include elimination entries for intercompany balances related to non-debtor affiliates. Investment in subsidiary balances are recorded at cost which may not be in accordance with U.S. GAAP. The amounts currently classified as liabilities subject to compromise may be subject to future change as the Debtors complete their analysis of prepetition liabilities.

Amounts listed in the statement of operations and balance sheet in the attached MOR-2 and MOR-3 are based on preliminary information provided by the purchasers (the "Buyers") of the assets of the Debtors' Pharma Business and Chemical Plus ("ChemPlus") Business as described in the relevant Asset Purchase Agreements and related documents filed previously with this Court, though the buyers of the assets of the ChemPlus Business have not yet confirmed the closing balance sheet information. The Debtors have not had the opportunity to complete their review of such amounts and therefore they may be subject to material change. Further, the Buyers may also assert that the Debtors may be liable for additional liabilities that are presently unknown. Accordingly, the Debtors reserve the right to amend this MOR.

Pursuant to the Court's order establishing deadlines to file proofs of claim [Docket No. 509], the General Bar Date (as defined therein) for non-governmental units was June 19, 2019, and the Governmental Bar Date (as defined therein) is August 19, 2019. As of this filing, there have been approximately 240 claims filed in the aggregate amount of approximately \$1.6 billion. The Debtors are in the process of reviewing and reconciling the claims filed to date and expect this process will continue for several months. There are many claims asserting amounts that are not reflected in the Debtors' books and records that were relied upon for the completion of this MOR. To the extent those claims are allowed or otherwise deemed valid during the claims reconciliation process, the Debtors' books and records will be adjusted accordingly.

The results of operations contained herein are not necessarily indicative of results which may be expected from any other period or for the full year and may not necessarily reflect the consolidated results of operations, financial position, and cash flows of the Debtors in the future. The Debtors caution readers not to place undue reliance upon the MOR. Such information may be incomplete and the MOR may be subject to revision.

The financial statements contained herein do not include any accruals or estimates for an estate wind-down budget. Accordingly, they should not be relied upon as an indicator of recoveries. Reference should be made to the First Modified Joint Plan of Liquidation (the "Plan") [Docket No. 684] and First Modified Disclosure Statement (the "Disclosure Statement") [Docket No. 685] for information regarding estimated creditor recoveries.

Notes to MOR-1a:

The Debtors maintain 25 total bank accounts (collectively, the "Bank Accounts") at several financial institutions (the "Banks"). The Bank Accounts vary in purpose and function across the Debtors, and each Debtor's Bank Accounts serve its respective business accordingly.

Notes to MOR-2:

The Income Statement reflects revenue and expenses for the reporting month of April 2019 that directly correspond to the listed debtor legal entity. Amounts reported may not reflect gain/loss for tax purposes.

Reporting Period: April 1 - April

Federal Tax I.D. # 11-1720520

Notes to the Monthly Operating Report

Notes to MOR-3:

The Balance Sheet reflects assets, liabilities, and stockholders equity that directly correspond to the debtor legal entity.

As a result of the commencement of these chapter 11 cases, the payment of prepetition indebtedness is subject to compromise or other treatment under a chapter 11 plan. The Court authorized the Debtors to pay certain prepetition claims, including, but not limited to, certain trade and tax claims. To the extent such claims have been categorized as "Liabilities Not Subject to Compromise," the Debtors reserve their right to dispute their obligation to make such payments. The Debtors have been paying, and intend to continue to pay, undisputed post-petition claims arising in the ordinary course of business.

The liability information contained herein, except as otherwise noted, is listed as of the close of business as of the end of the month. Accordingly, the Debtors reserve all rights to amend, supplement, or otherwise modify this MOR as necessary and appropriate, but shall be under no obligation to do so. The Debtors have paid certain prepetition liabilities pursuant to orders entered by the Court that authorize such payments. The Debtors believe that all undisputed post-petition accounts payable have been and are being paid according to agreed-upon terms specific to each vendor and/or service provider and as authorized by the Court. In addition, the liabilities reported in this MOR do not reflect any analysis conducted by the Debtors regarding potential claims under section 503(b)(9) of the Bankruptcy Code. Accordingly, the Debtors reserve any and all of their rights to dispute or challenge the validity of any claims asserted under section 503(b)(9) of the Bankruptcy Code or the characterization of the structure of any transaction, document, or instrument related to any creditor's claim.

Intercompany accounts have not been reclassified to LSTC, nor have any Income Taxes Payable. In addition, income taxes payable and receivable are shown at gross amounts in these financial statements and have not been netted.

The amount reported in LSTC for the Unsecured Convertible Notes includes principal and accrued interest through the Petition Date.

The deferred payment obligation that arose in connection with the purchase of Citron Pharma and Lucid Pharma in 2016 has been adjusted to \$30 million pursuant to the the Asset Purchase Agreement regarding the sale of the assets of the Pharma Business and mutual release executed in connection therewith, which was approved by the Court by order entered on April 10, 2019 [Docket No. 373]. This amount is included in LSTC for Kavod Pharmaceuticals LLC.

The investment of \$1.9 million reported on Tri Harbor Chemical Holdings LLC (f/k/a Aceto Agriculture Chemical Corporation) represents its interest in Canegrass LLC, a joint venture. The JV is in the process of being dissolved. Upon completion, Tri Harbor Chemical Holdings LLC (f/k/a Aceto Agriculture Chemical Corporation) expects to receive this approximate amount in cash, but the value is subject to change.

Notes to MOR-4:

The Debtors received authority pursuant to various "first day" orders to pay certain prepetition liabilities, including prepetition tax liabilities.

The Debtors are current on all undisputed post-petition payables.

Notes to MOR 4a and MOR 5:

The Debtors disclose the ending accounts receivable and accounts payable balances as part of MOR-3. Due to the volume of transactions related to customer and vendor billings and payments, these items will be made available upon request.
