**ORDER FOR RESPONSE**

At a hearing on December 14, 2020, multiple claimants alleged that those claimants had not received payments on mineral interests, despite the filing of objections to claims that included declarations that the amounts asserted on the proofs of claim “have been paid in full in the ordinary course of business pursuant to the Mineral Payments Order.” All but one of the claimants alleged that \$1,000.00 had not been paid; one claimant alleged that \$270,000.00 had not been paid.

The oral allegations of non-payment made on December 14, 2020 have not been proven.

The Debtors should review and affirm or disaffirm the allegations that were made in their mineral interest claims objections. The Court is very concerned that the Court may have relied on inaccurate declarations in disallowing multiple claims.

Not later than December 31, 2020, the Debtors must file sworn statements affirming or correcting the declarations submitted by them with respect to mineral interest owner claims objections. Copies of the claimant's payments that are referenced in the declarations must be attached. If corrections are required, the Court requires (i) a full explanation of why the Court was asked to rely on incorrect declarations; and (ii) what remedies are proposed.

The Court will conduct a status conference on January 5, 2021 at 3:00 p.m.
