Re: Breitburn Energy Partners LP, "BBEP" – (Chapter 11 Docket #16-11390)

Dear Judge Bernstein:

I understand that you will be the Judge throughout the case referenced above. I'm an investor of BBEP through my retirement and brokerage accounts and have some concerns regarding the fairness of this case. As you might already be aware, BBEP has substantial equity of approximately \$1.5B (Assets ~ \$4.5B and Liabilities ~\$3B). The value of the assets should be even higher now as they were written down for impairment last year by \$2.5B when oil was trading at \$30 (Oil @ \$51 now and continuing to recover). So the current equity should be in the north of \$1.5B. I know the financial statements are fairly presented as they were audited by PwC.

My main concern is that I have not seen the appointment of an "Equity Committee". I would greatly appreciate if you would instruct for the appointment of an "Equity Committee" as there is substantial equity involved in this case. I truly appreciate your time in looking into this matter.

Sincerely,
