Breitburn shareholder info.pdf.docx

Dear Honorable bernstein Chambers,

I want to personally thank you for ordering a hearing regarding an equity committee. It looks like Breitburn energy's management have sold out the shareholders, and it sickens me. Management has sold all of their shares and are saying that the company doesn't have any equity. This is a company that has made over \$130 million in revenue in the first quarter, and is set to make over \$250 million in the second quarter based on analyst opinions because of increased oil and natural gas prices. This is far from a company that is insolvent. It is a travesty what Breitburn energy management is doing to their shareholders. I've lost my entire retirement and savings account by investing in Breitburn Energy which amounted to about \$60000. I've attached my fidelity statements below. Thank you for holding Breitburn Energy accountable. I can't tell you how much this means to me. Thank you sir

Sincerely,
Adrian Davis
