Hello,

Having lost a small fortune and a good chunk of my retirement funds when BBEP tanked and went bankrupt earlier this year, I'm seeking justice for common BBEP shareholders. BBEP / BBEPQ equity shareholders need to be represented at minimum by an Official Equity Committee. I'm hoping and looking for a class action lawsuit against BBEP management / BOD so that I may recoup some of the losses I incurred. Thanks for listening and considering this appeal,
